LARGE SOIF ROUGE

2022

VIN DE FRANCE

At Terra Vita Vinum, "we cultivate the vines with respect for biodiversity and do everything possible to produce terroir wines with the utmost transparency to deliver unique emotions". Let's remember that our wines are as close as possible to what nature gives us. Each cuvée is therefore a unique work, never before made, and never again.

GEOLOGY

Schists of Black Anjou.

GROWING METHOD

Our vines are cultivated in a traditional and selective manner. Soil maintenance is done mechanically without chemical weeding and our vines are protected using preparations made from natural products, in the respect of biodiversity. **It is for all these reasons that we do not buy grapes, we only vinify those that we grow.**

COMPOSITION

Fermented Cabernet juice from manual harvesting.

WINEMAKING

Short maceration, fermentation and aging in stainless-steel vats, unfiltered. Low level of sulfites added to respect the fruit (30 mg/L).

ANALYSIS AFTER BOTTLING (FEBRUARY 2023)

Sulphur: total 46 mg/L; Alcohol: 13% vol.

TASTING

The nose is rich in fruit. On the palate, the tannins are already melted to leave us with an astonishingly fresh finish! The drinkability is there.

ADVICE

Serve at 13°C. to taste between 16 and 17°C.

Cellaring: long.
